The Directors are pleased to recommend a dividend of ₹1/- per share of ₹10/- each, which will be paid subject to approval of the lenders and shareholders.

3) FINANCIAL PERFORMANCE

Your Company earned an income of ₹67,002.23 lakhs in the year 2016-17 as against ₹57,428.49 lakhs during the previous year. The Company has earned a net profit of ₹2,993.65 lakhs as against the net loss of ₹1,433.49 lakhs incurred during the previous year.

4) OPERATIONAL PERFORMANCE

a) Sugar Division

The key operational data of our sugar division for the year 2016-17 are as follows:

Particulars	2016-17	2015-16
Sugarcane crushed (Tons)	17,91,793	17,81,191
Recovery %	9.16	8.98
Sugar Produced (Tons)	1,64,118	1,59,977
Sugar Sold (Tons)		
- Domestic	1,40,409	1,51,166
- Export	—	18,040

b) Cogeneration Division

The operations of cogeneration division across all the Units were satisfactory. During the year under review, the total power generated by all our Units was 2,182 lakh units as against 2,224 lakh units in the previous year. The company exported 1,417 lakh units during the year as against 1,477 lakh units in the previous year.

The Company has not received any units of carbon credits during the last two financial years.

c) Distillery Division

The distillery plant at Unit III has produced 220.27 lakh litres of Alcohol in 2016-17 as against 200.15 lakh litres of Alcohol in the previous year and sold 216.98 lakh litres of alcohol as against 188.40 lakh litres of alcohol in the previous year.

The Distillery plant at Unit I was not in operation during the year under review due to non-availability of adequate molasses.

d) Operations of subsidiary Company, M/s Trident Sugars Limited

Your wholly owned subsidiary Company, Trident Sugars Limited, has crushed 0.90 lakh tons of sugarcane during the financial year 2016-17 as against 3.40 lakh tons in the previous year. The company produced 8,842 tons of sugar and sold 30,943 (including 4000 tons of sugar traded) tons of sugar during the financial year as against 37,439 tons of production and 53,867 tons of sales in the previous year. The lower production was on account of non-availability of sugarcane because of drought.

5) ACCOUNTS OF SUBSIDIARY

As per sub-section 3 of Section 129 of the Companies Act 2013, the consolidated financial statements are also being given in addition to the standalone financial statements of the Company. The financial statements of the subsidiary will however be made available to those members who request the same. A separate statement containing the salient features of the financial statements of the subsidiary in the prescribed Form AOC-1 is furnished in the notes to consolidated financial statements.

6) FUTURE OUTLOOK

Sugarcane crushing for the year 2017-18 is likely to be lower than the crushing for the year 2016-17 on account of lower cane planting due to drought condition.

Your company expects that sugar prices will be stable in the next financial year on account of drop in the overall sugar production in the country. Stable trend of sugar prices is expected to support the company's financials and cash flow.

7) FIXED DEPOSITS

Your Company has not accepted any deposits within the meaning of Section 73 of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014 during the year under review.

ANNEXURE 1

BOARD'S REPORT FOR THE YEAR ENDED 31ST MARCH 2017

A. CONSERVATION OF ENERGY

I The steps taken or impact on conservation of energy;

At Unit-I, Varadarajnagar:

- 1) Installed bagasse distributor in 5th mill outlet and moisture is reduced from 49.5% to 48.5%, which resulted in saving of around 640 tons of bagasse.
- 2) 300W SV & MV lamp fittings are replaced by 100W LED high bay and flood light, which resulted in saving of 14,016 units of power.

At Unit-II, Mundiampakkam

- 3) Auto feed control valve was installed in continuous centrifugal machine, which resulted in power saving of 816 kw per day and 160,762 units.
- 4) Uneven cane feeding to the mills was corrected by modification of feeder tables discharge chute and proper dry arcing in the mill rollers. This benefitted in reduction of bagasse moisture by 0.18%, which resulted in improved steam fuel ratio from 2.55 to 2.57 in cogeneration plant.
- 5) Replacement of 27 Nos. of 18 watts LED bulbs, in place of 40 watts tube light fittings in administrative building resulted in energy saving of 6.53 units/day.

At Unit-III, Semmedu

- 6) Pan & Evaporator condensers balance 3 nos barometric height reduced from 15 meter to 12.5 meter level, there by power saving achieved 0.25 units per ton of cane.
- 7) VFD introduced for treated juice pump, which resulted in power saving of 20 kwh.
- 8) Sulphured Syrup pump lifted to the working platform level by 9 meter, which resulted in saving of 4 units / hour.
- 9) 11.5 KW pump is operated to transfer fermented wash instead of 37.5 KW pump, which resulted in power saving of 624 units per day.
- 10) Distillery Evaporation section spare pre heater is used to condense the excess steam generated in 3 MW boiler by modifying steam and MSDH Cooling water lines, thereby 2 MT of steam condensate saved per hour (48m³/day).

ii) The steps taken by the company for utilising alternate sources of energy; Nil

iii) The capital investment on energy conservation equipment (₹ in lakhs)

- 1) At Unit-I - 1.40
- 2) At Unit-II - 7.65
- 3) At Unit-III - 12.81

B. TECHNOLOGY ABSORPTION

i) The efforts made towards technology absorption;

- 1) A promising high quality and yield variety (2003V46) suitable for wetland conditions was identified from R&D trails, initial farmer field trials and quality analysis at mill level. The variety is now being rapidly multiplied to occupy 5% of the cane area.
- 2) Seed material of two new promising varieties viz., Co 0212 and Co 06030 were obtained from Sugarcane Breeding Institute, Coimbatore and planted for multi-location testing in farmer field for yield and quality.
- 3) Research evaluation of more than 200 clones of sugarcane obtained from Sugarcane Breeding Institute, Coimbatore and Sadhana Agri Tech, Bangalore resulted in the identification of 15 promising clones faring better than the predominant variety, Co 86032 in terms of both yield and quality.

- 4) Five new varieties have been identified as very promising in R&D trials at Unit II, Mundiampakkam R&D farm from a new collaborative project named "Sweet Bloom" between SISMA, Tamil Nadu and Sugarcane Breeding Institute, Coimbatore.
 - 5) The second highest quantity of 90,000 Tissue culture seedlings in a financial year since inception of Tissue culture lab was produced for breeder nursery program. This quality seed nursery production initiative by the company was widely lauded by other sugar mills and Sugarcane Breeding Institute, Coimbatore during their surveys / field visits.
 - 6) Ten promising clones identified from R&D trials are being multiplied through Tissue Culture for rapid introduction of new varieties to bestow prime mover advantage to the company in terms of enabling realization of better profits by farmers and higher sugar recoveries by our company.
 - 7) Varietal purity for higher sugar recovery is being ensured through an exclusive R&D breeder seed nursery farm operational at Unit-II, Mundiampakkam and catering to the nursery seed requirement of, farmers of Unit-II, Mundiampakkam and Unit-III, Semmedu.
 - 8) An innovative vacuum sett treatment device has been commissioned at Unit III for specialized treatment of seed material to ensure disease free quality seed production and supply to farmers of the unit.
 - 9) 2800 soil samples in Unit II were analysed for fertility mapping and need based fertilizer prescription to farmers through issue of soil health cards. This will result in cost savings and better productivity for the farmers in the ensuing financial year.
 - 10) Novel concept of customized fertilisers application based on specific and balanced nutrient application is under large scale evaluation in 150 acres of farmer fields for its impact on sugarcane yield and quality. Initial R&D trial results recorded an increase in cane yield by 4-5 tonnes per acre and recovery improvement by 0.3%.
 - 11) Pilot scale evaluation of new bio control agents and development of pheromone traps with ease of use by farmer for effective management of the devastating Internode Borer pest were initiated. The results are encouraging for commercialization of these technologies in the immediate future.
 - 12) Collaborative Research trials with Solidaridad Network Asia and Hindustan Unilever Foundation (HUF) on water savings and use efficiency indicated that drip fertigation coupled with trash mulching resulted in 40% water savings. Adoption level of both the technologies are currently being scaled up in farmers field through extension initiatives.
 - 13) Weather stations have been installed in all units and with a state of the art automated weather station in Unit III, Semmedu to monitor the trends in climate change and to recommend proactive and appropriate crop management practices to farmers.
 - 14) A first of its kind novel module based financial literacy training program for all categories of farmer- entrepreneur service providers of all units was conducted by National Skill Foundation of India (NSFI) and sponsored by International Finance Corporation (a World Bank body). 128 service providers were trained on financial management to enhance their business potential and strengthen their services as ambassadors for technology transfer.
 - 15) New disease resistant varieties of pulses were obtained from premier pulses research stations and truthfully labelled seeds was multiplied by R&D. The seeds were issued to farmers by extension for taking cultivation as intercropping in around 350 acres of sugarcane, thereby providing short term income realization for farmers through multi-cropping.
- ii) The benefits derived like product improvement, cost reduction, product development or import substitution;
- 1) New initiative of introducing rain guns to irrigate scarce water potential areas and drought prone crops were implemented in all the units to mitigate the current dire drought situation.
 - 2) Large scale and targeted adoption of a specific drought management practice of potash and micronutrient foliar spray through entrepreneurs resulted in mitigating crop moisture stress and preventing crop perishals.

- 3) The yield gap between plant and ratoon crop in Unit III, Semmedu has been significantly reduced for the first time ever, from around 8 tonnes per acre to around 5 tonnes per acre, inspite of higher ratoon area. This was largely due to adoption of improved ratoon and drought management practices like trash mulching, up from 38% area coverage in last financial year to 68% area coverage in current financial year, thereby entailing sustenance of returns to farmer and supply of cane to factory.
 - 4) Continual technology up-gradation of in-house R&D biological control agent production facilities and in farmer-entrepreneur units resulted in coverage of 40-45% of cane area across all units with eco-friendly biological control agents and significant reduction in pest incidence and better cost benefit to farmers.
 - 5) Development of a modified sub surface laying machine by R&D, targeted extension promotion of drip through Government subsidy schemes and first time initiative of in-house procurement and installation of drip systems entailed coverage of 500 acres in plant crop under drip in all units, a vital long term vertical and horizontal cane sustenance strategy.
- iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year); Not Applicable.
 - iv) The expenditure incurred on Research and Development: ₹150.39 lakhs (₹105.02 lakhs)

C. FOREIGN EXCHANGE EARNINGS AND OUTGO:

The Foreign Exchange earned in terms of actual inflows during the year and the Foreign Exchange outgo during the year in terms of actual outflows (₹ in lakhs)

	2016-17	2015-16
Foreign exchange earned :	Nil	2,595.67

SBICAP Trustee Company Ltd, who is holding the pledge on behalf of lenders of RAJSHREE SUGARS & CHEMICALS LTD, as per the final letter of approval dated 24th March 2014 from Corporate Debt Restructuring Cell, Mumbai.

iii). Change in Promoters' shareholding

As per the conditions of Corporate Debt Restructuring Scheme, the promoters had to bring in their contribution of ₹12.25 crores in the form of Equity Shares. Ms.Rajshree Pathy, Chairperson and Managing Director contributed ₹8.25 crores and M/s RSCCL Properties Private Limited contributed ₹4 crores during March 2014. However, in the interest of speedy implementation of the CDR scheme, the promoters brought in this money as non-interest bearing unsecured loan.

The shareholders at the 1st Extraordinary General Meeting held on 10th February 2016 have approved by way of special resolution, the issue and allotment of 1,180,000 equity shares (upto 5% cap on paid-up share capital), on preferential basis to Ms.Rajshree Pathy, at a price of ₹28/- each (including a premium of ₹18/-). Based on the shareholders' approval, the Board of Directors has, at its meeting held on 10th February 2016, allotted the said shares to Ms.Rajshree Pathy by converting a part of unsecured loan of ₹3,30,40,000/- received from her.

Further, vide Postal Ballot Notice dated 18th March 2016, the shareholders approved by way of special resolution, the issue and allotment of 17,66,429 equity shares to Ms.Rajshree Pathy and 14,28,571 equity shares to M/s. RSCCL Properties Private Limited, on preferential basis, at a price of ₹28/- each (including a premium of ₹18/-). Based on the shareholders' approval, the Board of Directors has, at its meeting held on 29th April 2016, allotted the said shares to them by converting the balance unsecured loan of ₹8,94,60,000/-.

Thus, the entire unsecured loan of ₹12,25,00,000/- has been fully converted into equity shares.

ANNEXURE 8

BOARD'S REPORT FOR THE YEAR ENDED 31ST MARCH 2017

MANAGEMENT DISCUSSION AND ANALYSIS

Industry Scenario and Development

Global Sugar Outlook

Global production estimate for Marketing Year (MY) 2017/18 is up 9 million tons (raw value) to a record 180 million on gains in Brazil, China, the European Union, India and Thailand. Despite record production, stocks are down 2 percent to 38 million tons as lower stocks in China and Mexico more than offset higher stocks in Pakistan. This draw down, plus record exports, will support relatively flat consumption at 172 million tons.

Sugar Sector in India

As per ISMA's estimates, the opening stock of sugar for the Sugar year 2016-17 was at 7.7 million tons. Sugar production in India is likely to fall to about 20.3 million tons for the year 2016-17 sugar season. The domestic consumption is estimated to be in the range of 24 million tons. After accounting for an import of 0.5 million tons, the closing stock for the sugar season 2016-17 is estimated to be 4.5 million tons.

Sugar prices

CRISIL expects sugar prices, which have increased to ₹38 per kg in average in SS2017 from ₹33 per kg in SS2016, to sustain at healthy levels in 2018 as well.

Prices shot up from the third quarter of SS 2016 on anticipated decline in domestic sugar production in SS2017 owing to deficient rainfall and low reservoir levels in Maharashtra and Karnataka.

A normal monsoon in calendar year 2017 is expected to result in an increase in production by 4 to 5 million tons in SS2018, with large portion of incremental production coming from Maharashtra and Karnataka. Yet inventory levels are not expected to increase materially as consumption will tightly match production. That would mean that the prices to remain stable in 2018. Global sugar production is also expected to increase in SS2018, driven by higher production from India and Brazil. The resultant decline in global sugar prices will also remain a key monitorable.

Government Announcements

The Government had in April 2017, allowed import of 0.5 million tonne of raw sugar at zero custom duty till 30th June 2017 in order to address regional production gaps and to maintain domestic prices at reasonable levels.

The Union Cabinet in May 2017 approved a ₹25 per quintal, or 10.6%, hike in the fair and remunerative price (FRP) for sugarcane to ₹ 255 for 2017-18 season beginning October 2017 linked to a basic recovery rate of 9.5% subject to a premium of ₹ 2.68 per quintal for 0.1% point increase in recovery above that level. Earlier the government had kept sugarcane FRP for 2016-17 season unchanged at ₹ 230 per quintal.

The Government of India periodically review & revise the base year of the macroeconomic indicators to capture structural changes in the economy & improve the quality, coverage & representativeness of the indices. Due to this, the base year of all India WPI has been revised from 2004-05 to 2011-12, to align it with the base year of other macroeconomic indicators like GDP & IIP. As per the revised list of commodities considered for WPI (2011-12 series), weightage under manufacture of sugar has been reduced from the earlier level of 1.74% (2004-05 series) to 1.06%.

Government announcement of demonetization impacted the consumption of sugar for two months in November'16 and December'16 and slowly falling in track after that.

The GST Council has approved the GST rates for goods at Zero %, 5%, 12%, 18% and 28% to be levied on certain goods. Sugar sales in Tamil Nadu was subject to basic excise duty of ₹71/- qtl and cess ₹124/- qtl and also 5% VAT. Now under the GST regime, the cane sugar is taxed at 5%.

Opportunities & Threats

Sugar business is cyclical and is highly dependent upon the monsoon. Price of the sugar cane is beyond the control of the sugar mill and is announced by Central Government. The sugar price realizations are also subject to market sentiments inconsistent with the fundamentals of actual demand and supply.

Delays in the collection of cogeneration dues also pose a challenge to the management of cash flows.

Sugarcane Price

Tamil Nadu didn't change the State Advised Price (SAP) of ₹2,750 a tonne of sugarcane linked to 9.5 per cent sugar recovery plus ₹100 towards transport charges for the 2016-17 sugar season (October-September). This is ₹450 a tonne more than the mandatory Fair and Remunerative Price of ₹2,300 a tonne fixed by the Centre's Commission for Agricultural Costs and Prices (CACP).

Ethanol

The National Policy on Bio-fuels has set a target of 20 per cent blending of biofuels, both for bio-diesel and bio-ethanol. India can save precious foreign exchange to the tune of \$6.12 billion from its oil import bill by 2021-22 if it achieves the targeted 20 per cent ethanol mix in transportation fuel as per the scheduled timeline.

There has been a consistent shortfall in supply of ethanol in the past, mainly on account of the cyclical nature of the sugarcane harvests in the country.

Also achieving the EBP (Ethanol Blending Programme) target may not be easy for mills in the State of Tamil Nadu, given that limits placed by the Tamil Nadu Government on the production of ethanol are far too low to meet the target of the EBP.

Outlook

After 4 years of net surplus production over consumption, the closing stock of sugar is at modest levels. However, monsoon and Government policy on sugar would continue to have a significant bearing on the prospects of the industry in the coming years.

Risks and concerns

Your company continues to review and manage the risks emanating from such a dynamic environment at periodic intervals. The major risks faced by the industry include sugarcane availability, price realization and regulatory control by Government and financial liquidity amongst others.

Sugarcane availability

Sugarcane is the main raw material in sugar mills. Sugarcane cultivation is monsoon dependent. Hence it becomes unpredictable in adverse climatic conditions. Similarly other factors like scarcity of harvest labour, lower sugarcane price, and availability of attractive competitive/alternate crops will have a direct impact on cane availability and affect our business.

Risk mitigation: The Company has mitigated this risk by following:

- Continuous yield improvement activities to obtain a better quality cane leading to a better recovery.
- Close monitoring of cane development activities, which includes supply of good quality seeds, fertilisers and manure, among others.
- Promoting drip irrigation.
- Testing new improved varieties of cane.
- Careful monitoring of cane planting and harvesting schedule.
- Introduction of mechanical harvesters.
- Maintaining good relationship with them.

Sugar price realization risk

Sugar being a commodity, the sugar price remains volatile and realisations get adversely affected during a downturn. Coupled with this, higher cane price too affects profitability.

Risk mitigation: To address the challenge of cyclical in the sugar business, the Company has adopted an integrated business model manufacturing sugar and also producing alcohol and cogenerating power from the sugarcane residue viz., molasses and bagasse. The Power and Alcohol business enhances the profitability of the company and de-risks the business from the adverse movements of sugar price. While Unit I (Varadarajnagar) is already an integrated complex, we have now made Unit II (Mundiyampakkam) and Unit III (Semmedu) also integrated complexes with the commissioning of a state of the art multi-pressure alcohol distillation plant.

The Company is also focusing on improving direct sales to institutional buyers to lock down on prices, thereby balancing the volatility of the market.

Regulatory risk

The sugar industry continues to be regulated by State Governments by other controls viz., reservation of cane area and fixing sugarcane price.

Risk mitigation: Indian Sugar Mills Association (ISMA) and South Indian Sugar Mills Association (SISMA) of which the Company is a member are in the process of presenting recommendation for appropriate policy changes to reduce governmental influence in the sugar sector and work toward complete decontrol of the sugar industry.

Financial liquidity risk

Sugar industry is highly working capital intensive. Raising adequate and rightly-priced working capital or arranging funds for payment of the interest and principal with respect to loans availed might pose challenge. The other associated risk is soaring interest rates.

Risk mitigation

The Company had already undertaken a debt restructuring exercise under the Corporate Debt Restructuring (CDR) mechanism duly approved by CDR Empowered Group.

With the active support of our secured lenders, the approved CDR Proposal was put into implementation as a result of which the risks associated with repayment obligations of principal debts and interest has been deferred.

Consequent to implementation of CDR Proposal, risks associated with interest rate fluctuation has been substantially mitigated with reduction of interest rate and fixing the interest rate regime on the term debts for a longer period. However, the CDR lenders would have a right of recompense for their sacrifices, at the time of Company's exit from CDR.

The Company has hived off 100% stake in its subsidiary Trident Sugars Limited and net sale proceeds is utilized in reducing the long term loans thus managing the interest cost at better level.

Internal control systems and their adequacy

The Company has a well-established internal control systems in the form of well-documented policies, authorization guidelines commensurate with the level of responsibility and standard operating procedures, to ensure proper functioning of operations. Moreover there exists an effective internal audit system, commensurate with the requirements of the company.

The Board, Audit Committee and the Management review the findings and recommendations of the Internal Auditors and take corrective action, wherever necessary. Moreover the Audit Committee periodically interacts with Statutory Auditors and makes continuous assessments of the adequacy and effectiveness of the internal control systems.

Human Performance

The Management Staff Strength as on 31st March 2017 is 217. The Non-Management Staff strength as on 31st March 2017 is 654. Industrial Relations are cordial and no significant development.

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Rajshree Sugars & Chemicals Limited ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS

Y SIGNIFICANT ACCOUNTING POLICIES

a) BASIS OF ACCOUNTING & REVENUE RECOGNITION

The financial statements are prepared under historical cost convention on a going concern basis, with revenues recognised and expenses accounted on accrual concept (including provisions and adjustments) and in accordance with the applicable accounting standards referred to in Section 133 of the Companies Act, 2013.

b) EMPLOYEE BENEFITS

Short term employee benefits are charged off at the undiscounted amount in the year in which the related service is rendered.

Post employment and other long term employee benefits are charged off in the year in which the employee has rendered services. The amount charged off is recognized at the present value of the amounts payable determined using actuarial valuation techniques.

c) FIXED ASSETS

Fixed assets are stated at historical cost including allocable borrowing costs and exchange differences arising on reporting of long term Foreign currency loans relating to acquisition of fixed assets (as per option exercised in terms of clause 46 of AS 11) and net of specific subsidies, cenvat credit, if any and depreciation.

Preoperative expenses

Expenditure (including financing cost and exchange rate fluctuations relating to the borrowed funds for construction and acquisition of qualifying fixed assets) incurred on projects under implementation are treated as pre-operative expense pending allocation to the assets and are shown under "Capital Work in Progress" and transferred to the concerned assets on pro-rata basis after installation and commencement of operations.

d) FOREIGN CURRENCY TRANSACTIONS

Transactions in foreign currency are initially recorded at the exchange rate at which the transaction is carried out. Gains or losses on the settlement of these transactions, if any, within the same accounting year are recognized in the Statement of Profit & Loss prepared for the said year on a net off basis, except exchange differences arising on restatement of borrowings for acquisition of fixed assets, which restatement has been done taking into consideration the terms of relevant hedge / derivative contracts applicable. The monetary assets and liabilities related to foreign currency transactions remaining outstanding at the year end are restated.

e) DERIVATIVE TRANSACTION

In respect of derivative contracts, bank charges, provision for losses on restatement and gains / losses on settlement are recognized along with the underlying transactions and charged to Statement of Profit and Loss.

f) INVENTORY VALUATION

Inventory is valued at lower of cost and net realizable value as under:

- a) Raw material is valued at cost on FIFO basis.
- b) In respect of sugar and industrial alcohol, cost is arrived at on historical cost basis after deducting the realisable value of the by-products. In respect of manufactured finished goods, excise duty and cess payable are added to the cost, wherever applicable.
- c) In respect of immovable property cost is taken as the net payment for acquisition and expenses incurred therewith till the date of title perfection.
- d) In respect of semi-finished goods (in process) cost is taken as cost of input raw materials and estimated cost of manufacture upto the various stages of completion.
- e) Stores and spares are valued at Weighted Average cost.

NOTES TO THE FINANCIAL STATEMENTS

g) INVESTMENTS

Investments are stated at cost inclusive of expenses incidental to acquisition.

h) DEPRECIATION

Depreciation on fixed assets has been provided on straight-line method in terms of Schedule II to the Companies Act 2013 adopting the useful life and residual value as stated therein for the respective assets. In respect of additions during the year, depreciation has been provided on pro-rata basis.

i) INCOME AND EXPENDITURE RECOGNITION

Revenue on sales transactions is recognised as and when the property in the goods sold is transferred to the buyers for a definite consideration. Revenue from other sources and expenses are recognized on accrual basis.

j) EXCISE DUTY

Excise duty in respect of goods manufactured is accounted at the time of removal of goods from the factory for sale.

Cenvat credit, if any, in respect of capital goods is deducted from the respective assets and in respect of revenue items are deducted in the respective expenditure itself.

k) TAXATION

Provision for taxation is made as per estimated total income after considering various reliefs admissible under the provisions of the Income Tax Act, 1961.

In accordance with the Accounting Standard 22, the deferred tax for the timing differences between the book and tax profits for the year is accounted for using the tax rates and laws in force as of the balance sheet date.

l) TURNOVER

Sales are stated inclusive of excise duty and cess net of discount and rebate but exclusive of sales tax collected wherever applicable. Export sales include export incentives.

m) LEASED ASSETS

Operating lease rentals are expensed / recognized with reference to lease terms and other considerations.

n) IMPAIRMENT OF ASSETS

Impairment is recognized to the extent that the recoverable amount of an asset is less than its carrying amount and is charged to the Statement of Profit and Loss as prescribed in AS-28.

o) PROVISIONS, CONTINGENT LIABILITIES & CONTINGENT ASSETS

Provision is recognized only when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the Financial Statements. Contingent Assets are neither recognized nor disclosed in the Financial Statements.

16) Contingent Liabilities not provided for

a) Claims against the company not acknowledged as debt:

i) The Commissioner of Central Excise (Appeals) has upheld the order of the Central Excise department imposing a penalty of ₹21.92 lakhs (₹21.92 lakhs) in the matter of payment of service tax for agency fees and other charges paid towards ECB availed. The company has filed an appeal before CESTAT (Central Excise and Service Tax Appellate Tribunal) and the appeal is pending before the said Appellate Tribunal and hence no provision has been made.

ii) CESTAT had set aside the central excise demand of ₹397.78 Lakhs with interest and penalty for the period Apr'12 to Mar'13 and passed orders in favour of the Company in the matter of eligibility of exemption on molasses captively consumed and eligibility of cenvat credit availed on molasses procured from other Units in case of Unit III. The department has filed an appeal against this order in the Supreme Court of India and the decision is awaited. On the same issue for the period from Apr'13 to Mar'14, the Commissioner of Central Excise, Pondicherry has confirmed demand of ₹550.40 Lakhs with interest and penalty of ₹10.00 Lakhs against which the company has preferred an appeal before CESTAT. The department has further issued notices for demand of ₹1,197.71 (Apr'14 to Mar'16) and ₹80.38 Lakhs (Apr'12 to Jun'12) which are yet to be adjudicated by the Commissioner of Central Excise, Pondicherry. The department has also issued a notice for demand of ₹456.45 Lakhs towards Cenvat credit availed on Distillery capital goods on the same grounds as the other notices. This notice is also pending for adjudication before the Commissioner of Central Excise, Pondicherry.

In case of Unit I, a demand of ₹27.80 Lakhs for the period April'10 to Feb'11 was set aside by the CESTAT, Chennai and the department of Excise has preferred an appeal against this decision in the Supreme Court of India. For the subsequent periods (Jan'12 to Dec'14), demand of ₹476.55 Lakhs with interest and penalty is also being contested by the Company. In view of the CESTAT order, the Company feels that they have a strong case and hence have not provided for these contingent liabilities in the account.

iii) VAT (Assessment year 2011-12 & 2012-13) Appeal is pending before the Assistant Commissioner Commercial Taxes, in respect of a demand raised by the department, due to wrong classification of the product code. The total demand raised is ₹75.85 lakhs and the amount paid is ₹18.96 lakhs, towards initial payment for the appeal.

iv) The South India Sugar Mills Association, of which the company is a member, has filed W.P. No. 7872/2015 before the Hon'ble Madras High Court against Union of India and Director of Sugar, Tamil Nadu challenging the very jurisdictional basis of fixing additional cane price for the Sugar years 2004-05 to 2008-09 in the absence of any statutory power to do so. The said writ petition is pending before the said Court along with other connected writ petitions. In the said writ on 19/3/15 there is a direction to respondents that they shall not initiate any coercive proceedings to recover any amount pursuant to impugned order. No provision is made to the alleged cane dues pursuant to the above direction of the Court. The amount is indeterminate at this juncture.

v) Recompense amount payable as per Corporate Debt Restructuring (CDR) scheme as at the close of the year is ₹3,777 lakhs (₹2,746 Lakhs)

NOTES TO THE FINANCIAL STATEMENTS

- b) **Guarantees**
The Company has provided a corporate guarantee to the banks in respect of Term loans and cash credit facilities sanctioned to the subsidiary company Trident Sugars Limited. The outstanding as on 31.3.2017 is ₹3,340.92 lakhs (₹3,340.92 lakhs). The company has requested bankers to return the guarantee in view of sale of subsidiary company, Trident Sugars Limited.
- c) The Government of Tamilnadu notified the State Advised Price (SAP) of ₹2,650/ per MT of sugarcane for the sugar seasons 2013-14 and 2014-15 and ₹2,850 for sugar season 2015 -16 & 2016 - 17. The company has accounted the cane purchase at the rate of ₹2,350/- per MT (for the cane procured during Apr 2014 to Sep 2014) and at the rate of ₹2,400/- per MT (for the cane procured during the period October 2014 – Sep 2016). For the sugar season 2016-17, the company has paid ₹2,425 per MT. All the private mills in Tamilnadu are disputing the SAP, and the case is pending before the High Court of Madras. The total disputed price involved is ₹17,130.90 lakhs.
- 17) Income Tax assessments have been completed up to Assessment year 2014-15. Disallowances made in the order of assessment in some of the years, purely technical in nature, have been disputed in appeal before the appellate authorities. No provision has been made therefor since there are no tax demands for the present.
- 18) The amount of ₹158.70 lakhs received as initial contribution from Ms.Rajshree Pathy, towards 11,50,000 Equity warrants issued to her was forfeited in April 2014 for failure to exercise the option of conversion of the same into equity shares. The amount so received is shown under other reserves.
- 19) In terms of AS-28, the company has carried out an exercise to ascertain the impairment, if any, in the carrying values of its Fixed assets. The exercise has not revealed any impairment of assets during the year 2016-17 save and except the following:
The Tamil Nadu Government has issued a G.O. dated 31.08.2010 as directed by the Hon'ble Madras High Court, notifying the elephant corridor in the Nilgris District, which includes company's land of 7.83 acres in Masinagudi Village Nilgris District. The GO has now been disputed before the Hon'ble Supreme Court by the Company in SLP (C) 16898/2011 and interim stay has been granted and the petition is still pending. The carrying value of the said land in the books is ₹35.57 lakhs (₹35.57 lakhs)
- 20) As per the Corporate Debt Restructuring (CDR) Scheme of the Company, the promoters viz., Ms.Rajshree Pathy, Chairperson & Managing Director and M/s.RSCL Properties Private Limited, have brought-in ₹8.25 Crores and ₹4 Crores respectively in March 2014. For speedy implementation of the CDR Scheme, the said amounts have been accounted as non-interest bearing unsecured loan, in the books of the Company, instead of equity at that time. The CDR lenders led by State Bank of India, insisted that the said amount should be converted into equity, as per the CDR Scheme.
In terms of the special resolutions passed at the EGM held on 10th February 2016, the Company has issued and allotted on preferential basis 11,80,000 equity shares of ₹10/- each at a price of ₹28/- each by conversion of ₹330.40 lakhs of Promoters contribution under the CDR scheme. Further, in terms of the approval of the shareholders through postal ballot process, the Company allotted 31,95,000 Equity shares of ₹10/- each at a price of ₹28/- each on 29th April 2016, by conversion of balance promoters' contribution of ₹894.60 lakhs.

ANNEXURE - A TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Rajshree Sugars & Chemicals Limited ("the Holding Company") and its subsidiary company, as of 31 March 2017, in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS:

W 1) PRINCIPLES OF CONSOLIDATION

The consolidated financial statements relate to Rajshree Sugars & Chemicals Limited ('the company') and its subsidiary Company Trident Sugars Limited. The consolidated financial statements have been prepared on the following basis.

- i) The financial statements of the Company and its subsidiary company have been prepared on a line-by-line basis by adding together the book values like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses.
- ii) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's separate financial statements.
- iii) Goodwill represents the difference between the Company's share in the net worth of the subsidiary and the cost of acquisition of investment in the subsidiary. For this purpose, the Company's share of net worth is determined on the basis of the latest financial statements prior to the acquisition, after making necessary adjustments for material events between the date of such financial statements and the date of acquisition.
- iv) The subsidiary company considered in the Company financial statement is as follows:

Name of the Company	Country of incorporation	% of voting power held	Proportion of ownership interest as on	
			31.3.2017	31.3.2016
Trident Sugars Ltd	India	100.00%	100%	100%

- 2) Other significant accounting policies
These are set out under the 'Significant Accounting Policies' as given in the Company's standalone financial statements.
- 3) Capital and other commitments:

	31.3.2017	<i>31.3.2016</i>
Estimated amount of contracts remaining to be executed on capital account and not provided for	6.72	<i>4.16</i>
- 4) Contingent Liabilities not provided for (₹ in lakhs)
Pertaining to Rajshree Sugars & Chemicals Ltd
Furnished under Note no. Z 16 to standalone financial statements
Pertaining to Trident Sugars Ltd : Nil
- 5) Income Tax assessments have been completed up to Assessment year 2014-15. Disallowances made in the order of assessment in some of the years, purely technical in nature, have been disputed in appeal before the appellate authorities. No provision has been made therefor since there are no tax demands for the present.
- 6) The amount of ₹158.70 lakhs received as initial contribution from Ms. Rajshree Pathy, towards 11,50,000 Equity warrants issued to her was forfeited in April 2014 for failure to exercise the option of conversion of the same into equity shares. The amount so received is shown under other reserves.
- 7) In terms of AS-28, the company has carried out an exercise to ascertain the impairment, if any, in the carrying values of its Fixed assets. The exercise has not revealed any impairment of assets during the year 2016-17 save and except the following:
The Tamilnadu Government has issued a G.O. dated 31.08.2010 as directed by the Hon'ble Madras High Court, notifying the elephant corridor in the Nilgiris District, which includes company's land of 7.83 acres in Masinagudi Village Nilgiris District. The GO has now been disputed before the Hon'ble Supreme Court by the Company in SLP (C) 16898/2011 and interim stay has been granted. The carrying value of the said land in the books is ₹35.57 lakhs.
